Notelaarstraat 285 Rue du Noyer
1000 Brussels, Belgium

Dear Nicolas Pettiaux,

I write on behalf of UNIDAD DE GESTIÓN DE PROYECTOS ESTRATÉGICOS, UNIVERSIDAD NACIONAL DE ROSARIO to express our support to Educode (educode.be) and, in particular, your project in association with Internet Society Chapter Belgium (ISOC.be) asbl/vzw to apply for a grant to COVID19 Emergency Reponse Grant Program from Internet Society Foundation.

Your project aims to develop and support services promoting and enabling distance learning for students by:

- Helping teachers to move from traditional classrooms to online education through Internet, with a «train the trainer» approach and coaching teachers through Internet;
- Developing real-time trainings and adapt them in reusable interactive training formats;
- Offering a global approach to teachers and schools to get everything needed: computer, Internet connection, Internet tools and online resources as training, coaching and support;
- Starting with local implementation in Belgium, being a multicultural and multilingual country, and rollout globally with partners over the world.

We strongly support this grant application and the focus on online education and reducing digital fracture.

As a Unit in charge of Project Management, we recognize in Educode the capacity of strategic project management at an international level, such as the Educode meetings of 2018, in which we have participated. We know that you will be able to manage this project and apply the budget very well, so we give our support to this great initiative.

Through this letter, we recognize educode and Internet Society Chapter Belgium as being fully able to manage this large-scale project (budget 250.000 to 500.000\$), and in the event this proposal is funded, we would expect our role to include:

- cooperation with technological solutions for digital inclusion;
- delegating a representative to participate in the Project Cosultive Committee.

Educode asbl/vzw associated with ISOC.be asbl/vzw will take responsibility to lead this COVID19 Education project to help teachers the transition from traditional learning prior COVID19 to Internet distance education. We look forward to support this initiative.

Sincerely,

Mg. Bibiana Boccolini
